99%	1%		

### Additional comments

We are so happy with how our child has progressed in learning and confidence!.

Thank you for listening and being there when we felt unsure.

Everything that you have done this year has really helped our child make progress.

I am incredibly happy with the support that my child has received. I appreciate all of the work that is involved in settling the Year 3s so she is now ready to learn!

Wonderful transition, loved the coffee morning, more please.

Our best year yet! Things are starting to change.

Thank you for all of your hard work what a great team!

I think we have learnt as much as our child, thank you for the great support!

You have always been available to talk to and listen, thank you.

Great information and communication.

It has been a challenging year but knowing our child's needs has really helped us as a family.

The meetings have been really useful for my husband and myself. Thank you for the top tips and ideas for books.

I really enjoyed meeting other parents and knowing that I am not alone in understanding about SEN.

I can't think of a better start to Nook Lane. It is good to see happiness valued as much as learning.
