Vision

It is a primary aim of our school that every member of the school community feels respected, and that each person is treated fairly. We are a caring community whose values are built on mutual trust and respect for all. The school behaviour policy is designed to support the way in which all members of the school can work together in a supportive and collaborative way. It aims to promote an environment where everyone feels happy, safe, secure and able to learn.

Our play and lunchtime policy has been developed by staff and pupils to help promote a caring ethos in the playground, in line with our behaviour and anti-bullying policy.

Our aims are to:

- Ensure that children are safe
- Provide opportunities to develop social and emotional skills through play and interaction in a stimulating and caring environment
- Have a consistent and effective rewards and sanctions system
- Encourage and support pupils as Peer Mediators

Managing challenging behaviour

All actions should be consistent with school policy.

- Use ‘the look’ – make sure that your body language and your words match
- Be fair, stay calm, speak quietly and stick to the point, focus on the primary behaviour
- Use a core value reminder
- Use ‘I’ messages to remind – ‘I feel hurt when’ or ‘I am disappointed when’ or ‘I was very surprised when’, ‘I need to know about your reasons’, ‘I am uncomfortable about’
- Avoid the ‘why’ question – try ‘Tell me what happened’
- Be surprised/disappointed that they would do something negative
